HISTORY
XL Select Insurance Company (XL Select) was incorporated in the State of Oklahoma in October 1965 as Vanguard Underwriters Insurance Company, a subsidiary of Republic Financial Services, Inc. In December 1982, the company was acquired by Winterthur Swiss Insurance Company. In January 1998, the company changed its name to Winterthur International America Underwriters Insurance Company. XL Group, Ltd (XL) acquired the company July 2001. The company re-domesticated to Delaware and adopted its current name in January 2002. In 2018, AXA acquired XL, rebranding its property and casualty division as AXA. The company has been eligible to write surplus lines business in New York at least since ELANY’s inception in 1989. As of December 31, 2019, XL Select is licensed in Delaware, Louisiana, Oklahoma, and Texas and operated on a non-admitted basis in forty-two (42) states, the District of Columbia, and Puerto Rico.

REINSURANCE
XL Select is a 2% participant in an intercompany pooling agreement including six affiliates, with XL Reinsurance America (XLRA) (pool lead). Under the agreement, the company cedes 100% of business written to XLRA, who then retro-cedes back to the company 2%, net of reinsurance placed by XLRA. As such, the financial strength of the company is heavily dependent upon the underwriting performance of its pool members, the credit risk of AXA, as well as investment risk of its own invested assets, managed in common by AXA.

HOLDING COMPANY
Founded in 1816 as Mutuelle de L’assurance contre L’incendie with headquarters in Paris, France, the group changed its name in 1985 to AXA (because it was a name easily spoken by people in any language). Having grown and expanded as a French insurance company, AXA Societe Anonyme (S.A.) (AXA), together with its consolidated subsidiaries, form a global financial services group focused on financial protection in life, property and casualty, reinsurance. Financial planning and all associated activities, AXA operates globally. AM Best collectively rates eighteen (18) insurance subsidiaries with AXA, including XL Select Insurance Company. For the years 2017 through 2019, AXA was rated by AM Best and S&P as ‘A+/AA- and assigned the financial size of XV ($2bn >).”

SUBSEQUENT EVENTS
In March 2020, the Covid-19 influenza was recognized as a global pandemic, severely disrupting economic activity. As of April, 2020, the results of this event upon year-ending 2020 insurance operations and those of its parent group are not known. For those companies exposed, however, the potential for reduced premiums, return of premiums, and an increase in collections and operation expense may reduce cash flows. Losses and loss adjustment expenses may increase when losses become known and investments in affiliates and equity investments may suffer a decline in values. Also, the effect of future legislation, regulation and litigation could cause an adverse financial impact on those companies exposed.

As of December 31, 2019, Policyholder Surplus of the company fell below the NY required minimum of $47,000,000 to $46,623,000. On March 30, the parent of the company, XL Insurance Company, Inc. contributed $3m to paid-in capital of the company, and as of 1st quarter ending, March 31, 2020, company operations reflected policyholder surplus as $61,028,000.

Important Information Regarding Financial Summaries

This financial summary contains information helpful to New York excess lines brokers in meeting their non-delegable duty to use “due care” in the selection of a financially secure excess line insurer. Definitions of the financial terms used in the summaries appear as pop-up boxes when hovering your mouse over the corresponding text. For additional guidance on assessing insurance company financial statements, please reference “ELANY COMPLIANCE ADVISOR: FUNDAMENTALS OF INSURANCE COMPANY FINANCIAL ANALYSIS”.

The Excess Line Association of New York has compiled the insurance company financial information from the Annual Statutory Financial Statements. All ratios, charts, and graphs are based on the compiled information. We have made every effort to ensure all information transcribed for these pages is correct. However, the Excess Line Association of New York cannot attest to the accuracy of data provided by its sources, nor do we make any warranties, either expressed or implied, regarding the accuracy or completeness of information presented in this document. We assume no responsibility for loss or damage resulting from the use of this information.
