

Excess Line Association of New York EEFS-AEROS Password Requirements

By using secure passwords, ELANY is dedicated to lowering cybersecurity threats to broker data and to ELANY's infrastructure.

Password Requirements:

1. Must contain ten to twenty characters
2. Include a minimum of one numeric character
3. Include a minimum of one special character (!, @, \$, %, ^, &, *)
4. Alphabetic characters are allowed. These are case sensitive.

Passwords will expire automatically after 90 days.

To reset your password at any time

- Sign in to EEFS <https://eefs.elany.org/eefs/>
- Select "Change Password" from the menu on the left
- Enter your current password
- Enter your new password (twice in subsequent fields)
- Select the "Update" button

Your broker administrators can reset your password if needed.

Should you have any issues or need help identifying your broker administrator, please contact ELANY at ELANYHelpdesk@elany.org.
