**RE: ADDITIONAL INDIVIDUAL PRODUCER LICENSE EXPIRATION  
DATE EXTENSION**

The Department of Financial Services has released [Supplement No. 2 to Insurance Circular Letter No. 9 \(2020\)](#) offering license expiration relief to individual insurance producers, including individual excess line brokers, through **August 7, 2020**.

The Circular Letter extends prior suspensions of the expiration of licenses for all individual producers, any related late fees, and the requirement that a monitor be present to complete producer continuing education and pre-licensing course exams online. After August 7, 2020, all licenses that would have expired but for this extension will automatically expire unless the producer has submitted a license renewal application, including completion of all necessary continuing education credits, before that date.
